MEMO.

Guests began to arrive on the morning of the 2nd instant. A few of them presented themselves at my quarters that very day and enquired whether any arrangements had been made for the supply of rations to them from the Mothikana. I at once asked my clerks to note down the names of such arrivals as came to their notice, and immediately send intimation of the same to the Mothikana. Two of my clerks were also told off for attendance at the Railway station in order to take note of arrivals by every train and to inform the Mothikana of the same. Lastly I gave the palace Controller a couple of Amildars to help the Mothikana officials in the issue of supplies.

Notwithstanding all this unusual help, I heard repeated complaints of nonreceipt of supplies, from both official and nonofficial guests. I thereupon not only took my clerks to task but also asked the Under Secretary, the Head Sheristedar and Mr.M.Ramaiya to find out nonrecipients and fresh arrivals as far as possible, and to get them supplies from the Mothikana. Their united exertions have had some useful effect and secured to most of the guests the supplies they are entitled to. Such names as came under my personal observations were also at once notified to

the Mothikana. The Mothikana sheristedar (Rama Rao) and his subordinates have throughout been most indifferent and dilatory. Yesterday for want of money for payment as an equivalent for milk, curds, firewood &c., the issue of supplies was stopped altogether for some time.

I heard last night that in addition to delays and omissions, there was swindling in that short rations were being issued and that in the case of guests entitled to 20 seers' lavazama and less, the usual printed list of articles was not being sent. This morning I paid the Mothikana a surprise visit in order to find out how matters were progressing. There was hardly any activity and I was assured that nearly all arrivals had been supplied - a very large number having been served on the 9th and 10th i.e., after I had taken special steps. To a few more supplies were being sent. Supplies had been made up and kept ready for meeting other demands if any. I got some of the articles measured and weighed in the presence of the Mothikana Sheristedar with the result that most of them were found to be much below the prescribed quantity. The following are a few of such articles:-

Rice-19 seers instead of 20, the Contractor gaining a seer by the use of a false measure.

Arecanut- 18 to 23 tolas instead

12

GOVERNMENT OF INDIA

of 24.

Coffee, $17\frac{1}{2}$ to $23\frac{1}{2}$ tolas instead of 24.

Pepper- $8\frac{1}{2}$ to 9 tolas instead of 12.

Tea- Inferior kind (i.e., Congo) instead of Orange Pekoe.

Sugar- $11\frac{1}{2}$ to $12\frac{1}{2}$ seers instead of 16.

The stone used as representing a half maund weight was found to be short by half a pound, i.e., 20 tolas.

Butter had been weighed out and kept ready for a large number of people. It was 4 seers instead of at least the minimum of $4\frac{1}{2}$ seers. The man in charge innocently stated that that was the weight prescribed for his guidance by the Gumasta of the Mothikana.

Printed lists in the case of 20 seers lavazama were said to be out of stock, and the recipients were kept in ignorance of what 20 seers Lavazama meant and what articles and how much of each they had a right to expect.

I regret to have to observe that the Mothikana officials (with Rama Rao at their head) have been not only apathetic and dilatory but also dishonest. The matter is a serious one and deserves being taken serious notice of. Pending, explanation and final orders, the monthly allowance of Rs.30 given to Rama Rao should be stopped from the 1st instant.

Dear Mr. Seshaviengar,

Ur telegram rec'd. last night.

The accounts of the marriage Expenses are under active preparation. The items are so many & varied, and have to come in from so many sources that I cannot exactly say when they will be ready. I will however try my

lest to avoid delay. The Treasury, Mostikhans & Municipal Depts may they cannot be completed before the close of this month.

* Khilats on this being given.- Allow me to remind you that on the last occasion, the accounts were not submitted in less than 5 months, as I am informed. I trust we will be more expeditious this time.

These facts cannot well be expressed in a telegram. I am therefore replying to you by post.

Yrs Sincerely,
W Macnaughtan

My dear Mr. Venkatasubbiah, 14/8/00

I am aware of the urgency with which the missing accounts are required and have been using all possible pressure on the Dept. of the Palace concerned to expedite them. I am writing today again, and will try my best to forward them as soon as they are ready. I hope to be able to send them off by the end of the month.

As all items of expenditure under the various heads are required, some time is unavoidable to collect the threads and make out a correct return.

I beg to assure the Secretary that I will allow no delay in the matter.

Yours Sincerely
J. Ramsay Macdonald

My dear Mr. Narasimmiengar

Thanks for your letter re marriage accounts. Sir Shamadri Iyer is particularly anxious that they should be settled at the earliest possible date and so is Mr. Shumboo Chettiar, the Offg Dewan, who has just written to me on the subject The matter is one of great urgency. May I therefore beg to know when you expect to be able to send in the accounts? I am desired to request you to kindly do your best to expedite them. A line in reply will oblige.

My dear Sir,

I herewith send you a tabulated account, with all the available Vouchers, of expenditure incurred by the Several Officials that had been deputed to look after the guests during the recent

GOVERNMENT OF MYSORE

marriage, for inclusion in your general accounts. The whole of this expenditure has been paid for. Mr Chokanna's account for Rs 500/- given to him is yet due and I shall feel obliged for favor of your kindly reminding him to submit the same as early as possible; or if he delivers it to you to

kindly include it also in your account and to let me know what balance if any, he returns, to enable me to adjust his advance.

Yours Sincerely

Sd C. Ramjappa

GOVERNMENT OF MYSORE

D. P. W. Secretary's Memo dated 22nd September 1900, submitted to the Offg Dewan for orders.

In accordance with the orders issued by Sir K. Sheshadri Iyer in his Memorandum of 11th March 1900 put up, Mr. Standish Lee was directed to do the needful in the matter.

I submit now for your orders, the accompanying estimates amounting to Rs 25,100, received from him for the following works, carried out in connection with H. H. the Maharaja's marriage.

1. Widening the Vanivilas Road and Constructing side and pipe drains and tunnels. Rs 2,800
2. Constructing Bazaar Frontages to houses on either side of the above road (Rs 5,427+6,385). 11,812

3. Laying C. I. Pipes, erecting Hydrants, hiring and working Fire Engines and obtaining Hoses with fittings &c for Fire Protection to the marriage Pavilion - - 6,122

4. Constructing Triumphal arch at entrance gate to Jagan Mohan Palace Compound - - - 3,188.

5. Statues of elephants at entrance gate to - do - 300.

6. Decorations and Illumi-nations - - 878.

Total Rs. 25,100

The details of the work done are explained in the report accompanying the estimates.

I think, the cost (Rs 2,800) of widening the Vanivilas Road and Constructing side and pipe drains

and tunnels, may be charged to Provincial Funds, as the work forms part of the Mysore City improvement, and a Special grant for the same may be granted, or the outlay ordered to be passed in accounts over the P. W. D Provincial Budget.

The 2nd item, Constructing Bazaar Frontages to houses on either side of above road, costs Rs 11,812 and this amount may be transferred to the Mysore City Municipality, which will do the needful in the matter of the recovery of the amount in full, plus the Value of Government Land within the frontages, from the parties concerned.

The remaining items are clearly debitable to "Marriage grant," and the Comptroller will have to be authorized to accept the debits on this account to "Civil Departt."

GOVERNMENT OF MYSORE

My dear Mr Ramiah,

Dasara receipts. Forest

Mysore, 31-8-00

The 30 Aug. 1900

My dear Mr Ramiah Sugar,

As promised, I send you enclosed statements of the various expenses under the various heads stated, together with an abstract for ready reference.

The vouchers will be sent upon requisition.

Certain further demands are disputed, and will be sent in on receipt. As these accounts were prepared so urgently, they cannot be quite complete or perfect.

Despatch this, mind it, & remember.

Yours sincerely,

D. Venkatramiengar

were charged for at 2 and/. Hence the extra item for 1000 of the smaller word.

III. The British Indian supplies have been charged at contract rates. Dir K. Stenbeck Esq has however an idea to re-imburse the contractors for actual losses.

IV. The enclosed statement gives particulars of the number of Bramhans &c, fed at the temples & chattrams during the marriages & usual to calculate the number at 3 rupees per price.

Yours Sincerely,
[illegible]

C. Brockett Esq.

Palace Controller's office,
Mysore, 11th September 1900.

Palace Controller

PALACE, MYSORE

The total expenditure incurred on account of the marriage of His Highness the Maharaja celebrated on 6th June 1900 and the following days is classified under three distinct heads:-

I. The marriage ceremonials and festivities (vide Table A).

II. The erection of the marriage Pavilion, its lighting and furnishing (Tables B, C and D).

and III. The entertainment of distinguished Guests. (Table E).

The original estimate under the first of the above heads was 3 lacs of Rupees. Many of the items of expenditure under this head being of an uncertain

Ver

kind, it was hoped that the extremely moderate first grant of 3 lacs would be the means of ensuring special economy in every direction. This grant has been greatly exceeded, for according to the statements submitted by the ~~Rajpramukh~~ officers entrusted with the expenditure under the various items, the total amount expended amounts to Rs ~~4,23,921-~~ 4,21,846 being an excess of Rs ~~1,23,921-~~ 1,21,846 (vide Table A). The original estimate of 3 lacs did not include the 3rd Princess' marriage celebrated at the same time. The expenditure — Chargeable to this marriage amounts to Rs 24,056- and is separately exhibited in Table A.

The great increase in the expenditure ~~of~~ on His Highness' marriage was due chiefly

to the very large number of people, who gathered at Mysore to witness the great event. The attendance of the invited was fully 3 times the number expected. The number of uninvited people (men, women and children) not only from all parts of the state but also from the neighbouring Provinces was unprecedented and the carrying power of the Railway was taxed to the utmost. It is estimated that for some days of the marriage the population of the Mysore City was swollen to over 2 lacs.

The expenditure exhibited in Table A should be duly audited before being finally passed. The State Comptroller should depute a special officer to make this audit with the

help of the Complete set of vouchers which will be forwarded for the purpose to the State Comptroller by the officers Concerned.

The largest increase of expenditure namely Rs ~~1,62,164~~ 1,73,718 has been by the Palace Controller, under "feeding of Brahmins in the Mysore City" and "Dakshine" alone, the increase (Rs ~~32,650~~ 33,453/-) was due to the great gathering. Under Khillats, the increase (of Rs 57,640/-), to some measure, was due to an unexpected increase in the number of presents which had to be given. There are a few other items on which final orders can only be passed after the Palace Controller's submission of detailed information and authority. The items of expenditure managed by other officers

Between the 4th & 15th June the No of Brahmins fed amounted to over 147,000 or more than four times the number estimated for.

named in Table A call for no special remark. The Pavilion, its lighting and carpeting (vide Tables B, C and D) is a large item amounting to Rs 2,10,619-

The circumstances under which this large outlay had to be incurred are fully explained in para 10 of my Memo. dt 26th April 1940. Full details of the outlay are recorded in the Palace, and the value of materials available for other use (as per detailed lists recorded) is Rs. 1,62,467/-

The net expenditure chargeable to the marriage is Rs 48,152.

Another large item is "Distinguished Guests". Full details are given in Table E. The whole expenditure

expenditure under this head is distributed under the following items:-

(1). Khillats.-(Presents) given to native Chiefs & to their Deputations and to native Guests from outside the State. &c

(a). Jewellery - 86,595-

(b) Cloths - ~~31,288~~ 31,288[23] . 1,17,8~~23~~[18]

(2). Reception and Entertainment of — Do 41,~~949~~[702].

(3). Reception and Entertainment of His Excellency the Governor.

Total — ~~1,58,922~~ 1,58,9[610]

The first of the above items "Khillats" requires some explanation. They should be regarded as return Presents given to those who made presents to the Bride and Bridegroom: What they gave (Kiddi Bhis. Vol. 2, 3 & 4 — Talbot)

is estimated as follows:—

(a) Jewels — 57,105-
(b) Clothes — 24,371
Total Rs 81,476 - (vide Nos. 1, 2, 3 and 4 of Table E).

In return for these presents, the State gave presents of the total value of Rs 1,58,922- as above stated. and this amount ~~can't be regarded~~ is not unreasonable having regard to the ordinary Custom and the status of this State.

The jewels and Clothes received as presents of the Value of Rs 81,476/- (minus Clothes of the Value of Rs 3,368/- already utilized) are in hand, together with the jewels and Clothes presented by local Sirdars etc— namely,

Jewels - 60,570
Clothes. 11,990
Total 72,560 (vide Item No. 5 of Table E).

16

Thus the total value of jewels and Clothes received as presents and now on hand in the Palace amounts to Rs 1,50,668/-, against an expenditure of Rs. ~~1,50,522~~ 159,522 on account of "Distinguished Guests."

Thus the net expenditure in ~~it~~

~~the former is~~ actually incurred.

This memo ~~does not~~ deals with the Expenditure on the marriages and not with the value of the jewels purchased 1st for Her Highness the Maharanijah & his Bride & 2nd for the 3rd Princess and her husband regarding which Mr Khambata (Chetty) has recorded a Separate Note

Mysore,
17th September
1900.

My dear Sir

Marriage accounts - I am directed to request you for favor of further information on certain points as follows: -

1) Religious Ceremonies. Rs: 12552-10-3: This includes two very large items of gold ornaments (some of them are "Yedu" ornaments) and clothes - what they were intended for or how they were used, and if any and so what portion of them are remaining still. More details would be useful for classification purposes.

2) Dakshine - Can the No. of persons to whom Dakshines were given be made out and how far the number exceeded those of the two former occasions.

3) Feeding of Brahmins - Feeding at Parakala Matt. You had arranged for Srivaishnavas

980

feeding in other places. Was the supply made to the Matt intended for any special arrangement made with the Matt or was it for the Matts own expenses incurred during the Navratra in feeding extra disciples visiting the Matt -

4) Khillats - When the Govt left Nugoor after the whole of the Khillats had been distributed, it was found that about 92,000 rupees worth of cloths only had been spent, besides a few Zenana Khillats which the Durbar Bakshi thought would not exceed 20000 - The present statement, Rs: 136789. 10. 5, shows an excess over 24,000 for which some details are requested. also information as to how much of the total Khilaat is Zenana Khillat and how much Mardana + what the Rs of each class of khillats was.

as per statement enclosed which King's return -

Another large item in this is cash presents - what was it on former occasions and why (it) has been so high on this occasion - With reference to this, the Hon: Dewan would further be glad to know if the want of funds or sanction or the fact that the estimates were being largely exceeded sub-

mitted

- mitted to the consideration of
Mess Highnesses -

The accounts are almost
ready and the Off: Dewan will be
glad to have the above infor -
mation as early as possible to
finally close the accounts now
sent in by you -

Yours Sincerely

N O T E S.

The total expenditure incurred on account of the Marriage of His Highness the Maharaja celebrated on 6th June 1900 and the following days is classified under three distinct heads.

(i) The marriage ceremonials and festivities - (vide Table A).

(ii) The erection of the Marriage Pavilion, its lighting and furnishing (Tables B, C and D).

(iii) The entertainment of distinguished guests - (Table E).

2. The original Estimate under the first of the above heads was 3 lacs of rupees. Many of the items of expenditure under this head being of an uncertain kind, it was hoped that the extremely moderate first grant of 3 lacs would be the means of ensuring special economy in every direction. This grant has been greatly exceeded, for according to the statements submitted by the ~~various~~ officers entrusted with the expenditure under the various items, the total amount expended amounts to Rs. ~~4,21,846~~ 4,16,378 being an excess of Rs. ~~1,21,846~~ 1,16,378, (vide Table A). The original estimate of 3 lacs did not include the 3rd Princess' marriage celebrated at the same time. The expenditure chargeable to this marriage amounts to Rs. ~~21,066~~ 30,697 and is separately exhibited in Table A.

3. The great increase in the expenditure on His Highness

[illegible]rriage

marriage was due chiefly to the very large number of people, who gathered at Mysore to witness the great event. The attendance of the invited was fully three times the number expected. The number of invited people (men, women and children) not only from all parts of the State but also from the neighbouring Provinces was unprecedented, and the carrying power of the Railway was taxed to the utmost. It is estimated that for some days of the marriage the population of the Mysore City was, swollen to over 2 lacs.

4. The expenditure exhibited in table A should be duly audited before being finally passed. The State Comptroller should depute a special officer to make this audit, with the help of the complete set of vouchers which will be forwarded for the purpose by the officers concerned.

5. The largest increase of expenditure, namely Rs. 1,67,615 has been by the Palace Controller. Under " feeding of Brahmins in the Mysore City and Dakshine " alone the increase (Rs. 33,453) was due to the great gathering. Between the 4th and 15th June the number of Brahmins that were fed amounted to over 1,47,000 or more than four times the number estimated for. Under Khillats, the increase (of Rs. 35121) to some measure was due to an unexpected increase in the number of presents which had to be given. There are a few other items on which final orders can only be passed after the Palace Controller's submission of detailed information and authority. The items of expenditure managed by other officers named in Table A call for no special remark.

6. The Pavilion, its lighting and carpeting (vide Tables B, C & D) is a large item, amounting to Rs. 2,15,713. The circumstances under which this large outlay had to be incurred are

fully

GOVERNMENT OF INDIA

fully explained in para 10 of ~~my letter~~ dated 26th April 1900 with D.P.N. Full details of the outlay are recorded and the value of materials available for other use (as per detailed lists recorded) is Rs. ~~1,02,107~~ 128862. The net expenditure chargeable to the marriage is Rs. ~~40,152~~. 86851.

7. Another large item is "Distinguished Guests". Full details are given in Table E. The whole expenditure under this head is distributed under the following items:-

(1) Khillats(presents) given to Native Chiefs, to their Deputations and Native Guests from outside the State:-

(a) Jewels. ~~26,595~~ 87645

(b) Cloths. ~~31,091~~ ~~32,484~~ 120129 ~~1,17,816.~~

(2) Reception and Entertainment of -do- ~~41,748~~ ~~41,055.~~ 44962

(3) Total Rs. ~~1,59,620.~~ 165091.

The first of the above items, "Khillats", require some explanation. They should be regarded as return presents given to those who made presents to the Brides and Bridegrooms (Vide Nos. 1,2,3 and 4 - Table E). What they gave is estimated as follows:-

(a) Jewels. ~~57,105~~. 68953

(b) Cloths. ~~24,371~~. 26071

Total Rs. ~~81,476~~. 95024

In return for these presents, the State gave presents of the total value of Rs. ~~1,59,620~~ 120129 as above stated, and this amount ~~cannot be regarded as~~ is not unreasonable having regard to the ordinary custom and the status of this State.

8. The jewels and cloths received, as presents, of the value of Rs. ~~81,476~~ 95024 (minus cloths of the value of Rs. ~~6,368~~ 4044 already utilized) are on hand, together with the jewels and cloths presented by local Sirdars &c., namely

(a) Jewels. 60,070

(b) Cloths. 11,990

Total 72,560 (Vide item No.5 of Table E).

To avoid P. Controllers having to
question Spies, it will be wise
to send the order which I spoke
to him the night for items
already cleared by H. H. to
be drawn by Civil List — the
P. Controller has treated
this rather in for
further advances & I
have been telling him
that you are putting
final orders on to
today

1) Order No 8 D dt 27th Sanctioning a grant of 3 lacs of rupees for the marriage of His Highness the Maharaja

2) Order No 8 in the margin Sanctioning the drawing bills &c therein for amounts not exceeding Rs 2,000 from time to time —

*[Letter Secl. notes to all Sects]

Order

The total expenditure incurred on account of the marriage of His Highness the Maharaja, celebrated on 6th June 1900 and the following days is classified under three distinct heads as follows: —

(i) The marriage ceremonials and festivities, (*vide* Table A),

(ii) The erection of the marriage pavilion, its lighting and furnishing, (Tables B, C and D), and

(iii) The entertainment of distinguished guests, (Table E).

~~2. The original estimate under the first of the above heads was 3 lakhs of rupees. Many of the items of expenditure under this head being of an uncertain kind, it was hoped that the extremely moderate first grant of 3 lakhs would be the means of ensuring special economy in every direction. This grant has been greatly exceeded, for according to the statements submitted by the officers entrusted with the expenditure under the various items, the total amount expended amounts to Rs. 4,16,378 being an excess of Rs. 1,16,378 (*vide* Table A). The original estimate of 3 lakhs did not include the Third Princess' marriage celebrated at the same time. The expenditure chargeable to this marriage amounts to Rs. 30,697 and is separately exhibited in Table A.~~

3. The great increase in the expenditure on His Highness' marriage was due chiefly to the very large number of people, who gathered at Mysore to witness the great event. The attendance of the invited was fully three times the number expected. The number of uninvited people (men, women and children) not only from all parts of the State but also from the neighbouring Provinces was unprecedented, and the carrying power of the Railway was ~~taxed to the utmost. It is estimated that for some days of the marriage the population of the Mysore City was swollen to over 2 lakhs~~.

2 The expenditure ~~exhibited in Table A~~ should be duly audited before being finally passed. The ~~State~~ Comptroller ~~should~~ depute a special officer to ~~make this~~ audit with the help of the complete set of vouchers which will be forwarded for the purpose to ~~the State Comptroller~~ by the officers concerned.

3. Bills & Vouchers for Rs 2 lacs & in Table A (III & VI) D and E (VI 1,2,25-) have already been sanctioned & forwarded to Comptr for audit & adjustment 2 advances paid in the order 2-

5. The largest increase of expenditure, namely, Rs. 1,67,615 has been by the Palace Controller. Under "Feeding of Brahmins in the Mysore City and Dakshine" alone the increase (Rs. 33,453) was due to the great gathering. Between the 4th and 15th June the number of Brahmins that were fed amounted to over 147,000 or more than four times the number estimated for. Under "Khillats" the increase (Rs. 35,121) to some measure was due to an unexpected increase in the number of presents which had to be given. There are a few other items on which final orders can only be passed after the Palace Controller's submission of detailed information and authority. The items of expenditure managed by other officers named in Table A, call for no special remark.

6. The pavilion, its lighting and carpeting (*vide* Tables B, C and D) is a large item, amounting to Rs. 2,15,713 The circumstances under which this large outlay had to be incurred are fully explained in para 10 of my Memo dated 26th April 1900. Full details of the outlay are recorded in the D. P. W. and the value of materials available for other use (as per detailed lists) is Rs. 128,862 The net expenditure chargeable to the marriage is Rs. 86,851.

7. Another large item is "Distinguished Guests." Full details are given in Table E. The whole expenditure under this head is distributed under the following items :—

		Rs.	Rs.
(1) Khillats (presents) given to Native Chiefs and to their Deputations and to Native Guests from outside the State, &c.—			
	(*a*) Jewels	87,645	
	(*b*) Cloths	32,484	
			1,20,129
(2) Reception and Entertainment of do ...			44,962
	Total ...		1,65,091

The first of the above items "Khillats" requires some explanation. They should be regarded as return presents given to those who made presents to the brides and bridegrooms. What they gave is estimated as follows :—

	Rs.
(*a*) Jewels	68,953
(*b*) Cloths	26,071
Total	95,024 (*vide* Nos. I, II, III & IV of Table E)

In return for these presents, the State gave presents of the total value of Rs. 1,20,129 as above stated; and this amount is not unreasonable having regard to the ordinary custom and the status of this State.

5. The largest increase of expenditure, namely, Rs. 1,67,615 has been by the Palace Controller. Under "Feeding of Brahmins in the Mysore City and Dakshine" alone the increase (Rs. 33,453) was due to the great gathering. Between the 4th and 15th June the number of Brahmins that were fed amounted to over 147,000 or more than four times the number estimated for. Under "Khillats" the increase (Rs. 35,121) to some measure was due to an unexpected increase in the number of presents which had to be given. There are a few other items on which final orders can only be passed after the Palace Controller's submission of detailed information and authority. The items of expenditure managed by other officers named in Table A, call for no special remark.

3 6. The pavilion, its lighting and carpeting (*vide* Tables B, C and D) is a large item, amounting to Rs. 2,15,713 The circumstances under which this large outlay had to be incurred are fully explained in para 10 of my Memo dated 26th April 1900. Full details of the outlay are recorded in the D. P. W. and the value of materials available for other use (as per detailed lists) is Rs. 128,862 The net expenditure chargeable to the marriage is Rs. 86,851.

4. 7. Another large item is "Distinguished Guests." Full details are given in Table E. The whole expenditure under this head is distributed under the following items :—

		Rs.	Rs.
(1) Khillats (presents) given to Native Chiefs and to their Deputations and to Native Guests from outside the State, &c.—			
	(*a*) Jewels	87,645	
	(*b*) Cloths	32,484	
			1,20,129
(2) Reception and Entertainment of do ...			44,962
		Total ...	1,65,091

The first of the above items "Khillats" requires some explanation. They should be regarded as return presents given to those who made presents to the brides and bridegrooms. What they gave is estimated as follows :—

	Rs.
(*a*) Jewels ...	... 68,953
(*b*) Cloths	... 26,071
Total	95,024 (*vide* Nos. I, II, III & IV of Table E).

In return for these presents, the State gave presents of the total value of Rs. 1,20,129 as above stated; and this amount is not unreasonable having regard to the ordinary custom and the status of this State.

5. The jewels and cloths received as presents ~~of the value of Rs. 85,024 (minus cloths of the value of Rs. 4,044 already utilized) are on hand (together with the jewels and cloths presented by Local Sirdars, &c., namely—~~

	Rs.
~~(a) Jewels ...~~	~~...60,570~~
~~(b) Cloths ...~~	~~...11,990~~
~~Total~~	~~...72,560 (vide item No. V of Table E).~~

~~6. Thus the total value of jewels and cloths received as presents and~~ now on hand in the Palace, ~~amounts to Rs. 1,68,540 against an expenditure of Rs. 1,61,047 actually incurred.~~

BANGALORE,
16*th September* 1900.
